Brand Story & Mission

Our Mission

To liberate engineering professionals and business owners from low-value administration so they can focus on high-value judgement and risk management.

Who We Are

AutomateX Advisory is an AI-native consultancy serving the UK rail and infrastructure sector. We sell outcomes, assurance, and certainty — not hours. Our AI-enabled workflows let us deliver 3x faster while maintaining the rigour that regulated industries demand.

Three Service Pillars

Work Winning & Tender Execution

Go/No-Go workshops, tender strategy, and compliant bid execution that turns pipeline opportunities into high-scoring submissions.

CEM / DPE / CRE / PE as a Service

Railway engineering assurance under PACE framework with competent, signed-off resources per NR/L2/RSE/02009.

AI Readiness Advisory

AI audits, workflow automation, and Knowledge RAG deployment to make railway businesses AI-ready and audit-compliant.

Brand Values

Precision · Innovation · Integrity · Efficiency

"Engineering Excellence Amplified"

Logo — Primary Mark

The AutomateX monogram combines an interlocking 'A' and 'X' in our signature orange-to-coral gradient. It represents the fusion of engineering precision with modern technology.

Clearspace & Minimum Size

Maintain a minimum clearspace around the logo equal to the height of the 'X' in the monogram. No other graphic elements, text, or visual clutter should enter this zone.

X = height of the monogram letterform

Minimum Sizes

Digital	**40px height**	For web, email, and screen applications
Print	**15mm height**	For business cards, letterheads, and printed materials
Favicon	**16 x 16px**	Use bare mark only at this size

Logo Misuse

- x Do not stretch or distort the logo
- x Do not change the gradient colours
- x Do not add drop shadows or effects
- x Do not rotate the logo
- x Do not place on busy or low-contrast backgrounds
- x Do not use the full lockup below minimum print size

Colour Palette

Our palette centres on a warm, energetic orange paired with professional navy tones. The orange conveys innovation and energy; the navy signals trust and expertise.

Colour Usage Rules

- Orange is the hero — use for CTAs, key highlights, and brand accents only
- Never use orange for large background fills (except dark-theme accents)
- Maintain WCAG AA contrast: dark text on light, light text on dark
- The dark theme palette is for presentations, social media, and branding collateral
- The light theme uses White/#FAFAFA backgrounds with Dark Navy text

Iconography & UI Elements

Iconography Style

Icons follow a clean, geometric line style with 2px stroke weight. Available in three variants: filled, outlined, and ghost (reduced opacity).

Filled
Solid shapes with brand orange fill. Use for primary actions and navigation.

Outlined
2px stroke, no fill. Use for secondary elements and supporting content.

Ghost
Outlined at 40% opacity. Use for decorative and background elements.

Button Styles

Buttons use Montserrat SemiBold at 14px with 12px horizontal padding and 6px vertical padding. Border radius: 6px.

Primary Button
BG: #F96532 Text: #FFFFFF

Secondary
Border: #F96532 Text: #F96532

Ghost
Border: #9CA3AF Text: #9CA3AF

Dark Button
BG: #1A1F36 Text: #FFFFFF

Spacing System

4px	Tight — icon padding, inline elements
8px	Compact — form elements, button groups
16px	Standard — between related content blocks
24px	Comfortable — between sections
32px	Spacious — major section dividers
48px	Generous — page-level separations

Application Examples

The brand system should be applied consistently across all touchpoints. Below are key application guidelines for common materials.

Presentations

Dark theme with navy background (#0D1117). Orange accents for headlines and key data. Montserrat for slide titles, Open Sans for body content.

Word Documents

Light/professional theme. White background, Dark Navy text. Orange used sparingly for headings and accent lines. Open Sans body at 11pt.

Email Signatures

Clean HTML layout. Logo mark at 40px, Montserrat for name, Open Sans for details. Orange divider line. Links in Primary Orange.

LinkedIn Banners

Dark background with subtle gradient. Logo + tagline prominently displayed. Professional photography or geometric patterns as background.

Business Cards

Front: Dark navy with centred logo + name. Back: White with contact details and orange accent bar at top.

Website

Dark hero sections with light content areas. Orange CTAs. Consistent type scale. Responsive logo sizing per minimum requirements.
